

Exalate isn't Accessible in the Organization Settings

Last Modified on 03/04/2024 9:28 am EST

Problem

It is not possible to access Exalate because the **Extensions** section is missing in the Azure DevOps **Organization settings** menu.

Cause

This is caused by a bug in Azure DevOps: [Reported bug](#)

The bug has been confirmed to be resolved. Please raise a ticket on our support portal in case it happens again.

Solution

Use this link to access Exalate:

Product

https://dev.azure.com/{your_organization_name}/_settings/idalko-tools.exalate.adnode

[Release History](#)

[Glossary](#)

{your_organization_name} is the name of your Azure DevOps organization.
