

# Known Issue: Error after Verifying Exalate for Azure DevOps

Last Modified on 12/30/2025 11:19 am EST

## Problem

When trying to [verify Exalate via a Verification email](#), an unexpected error occurs, but the Exalate is getting verified anyway.

## Solution

This is a temporary error that sometimes shows up while verifying the Exalate for Azure DevOps. The Exalate is getting verified anyway, so we recommend that you close the window with the error and navigate to Azure DevOps.
