GitHub - Version 5.1.3

Last Modified on 11/25/2022 4:10 am EST

Released for GitHub on **June 17, 2021**

In this release, we've added the possibility to modify personal billing information with the help of the integrated Stripe Customer Portal. With this feature, you can modify current billing information, add new payment methods, select a default payment method, and generate invoices for the payments.

 Also, we've added some improvements.

In this release

Improvements

- EXACOMP-984 Added new warning messages depending on the subscription status
- EXACOMP-1293 Added permanent success message windows once the Bulk connection has been scheduled
