

How to get an Exalate Instance License

Last Modified on 05/02/2024 6:19 am EDT

This article shows you can get an instance license for Exalate. This is currently available for Salesforce, ServiceNow, Azure Devops, Zendesk, and Github. In the example below we are purchasing Exalate for Azure Devops.

1. Navigate to the **License Details** menu in the Exalate admin console.

2. Click **Buy License**. A summary of your order appears. Click **Proceed to Checkout**. In the following screen enter your organization's name and your email. Click **Next**.

\$1,380.00

Thank you! We're processing your order

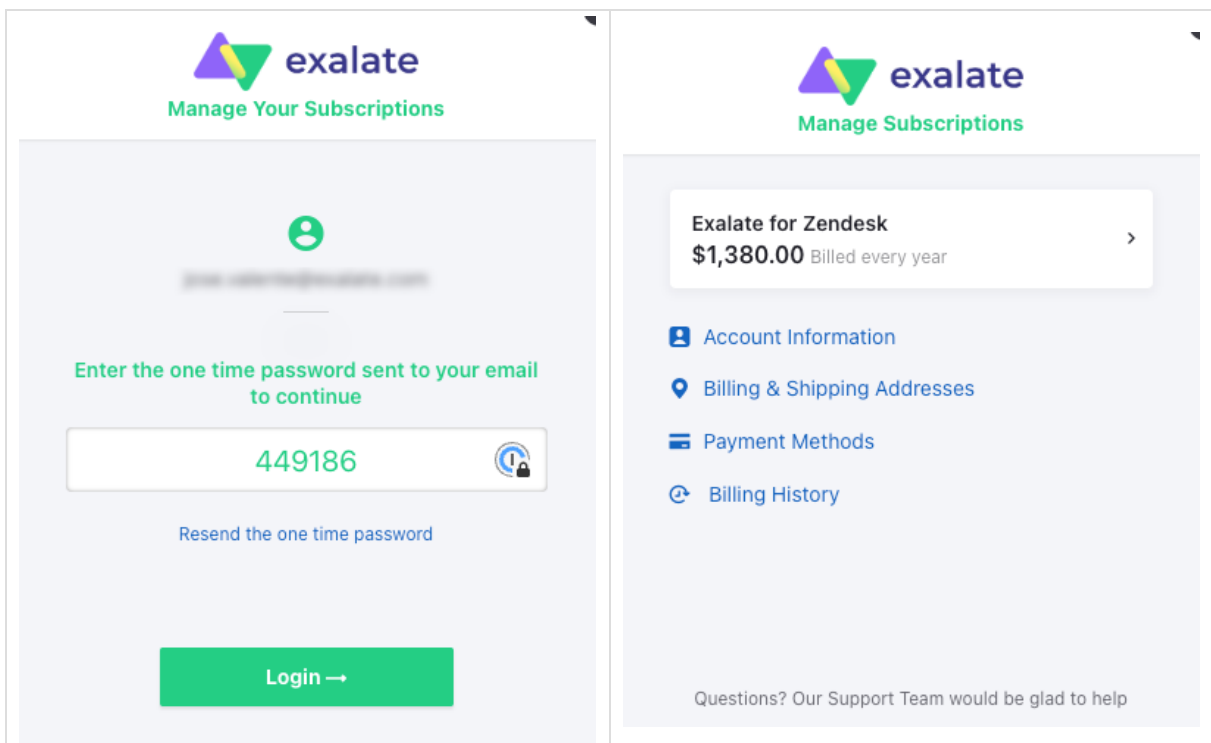

The license status will be updated shortly. Once your license is active, you'll have access to all Exalate's Premium features. Happy Syncing!

CLOSE

5. Going back to the Exalate console, you can see that the your paid subscription is active. You also receive an email with a one time password, which you need to login and manage your account.

6. From **License Details**, click on **Manage Billing Information** and enter the one time password you received in the email. You can then manage your subscription, check your account information, check and make changes to your billing and shipping address, payment methods, and billing history, where you can also download a copy of your invoice.

Product Note: You can get more information on how to manage your subscription in this article.
