Exalate Now Post Function

Last Modified on 03/18/2024 11:51 am EDT

You can start the synchronization automatically with the help of the *Exalate Now* post function in Jira.

Follow the steps below to configure the Exalate Now post-function:

1. Navigate to edit the workflow in the Jira admin

You can edit a Jira workflow under $\diamondsuit \rightarrow Issues \rightarrow Workflows$

For more information, please read the advanced workflow configuration in Jira.

2. Click on the transition and select Post Functions

3. Add a post-function to your workflow

| Isition: Cancel | | |

4. Select Exalate Now post function

| Add P | ost Function To Transition | |
|-------|------------------------------|--|
| | Name | Description |
| 0 | Assign to Current User | Assigns the issue to the current user if the current user has the 'Assignable User' permission. |
| 0 | Assign to Lead Developer | Assigns the issue to the project/component lead developer |
| 0 | Assign to Reporter | Assigns the issue to the reporter |
| 0 | Create Perforce Job Function | Creates a Perforce Job (if required) after completing the workflow transition. |
| ۲ | Exalate Now | The post-function to initiate the synchronization of the issue, and to add a link to the remote issue. |
| | Notify HipChat | Send a notification to one or more HipChat rooms. |
| 0 | Trigger a Webhook | If this post-function is executed, JIRA will post the issue content in JSON format to the URL specified. |
| 0 | Unexalate Now | The post-function to stop the synchronization of the issue, and to remove the link to the remote issue. |
| 0 | Update Issue Field | Updates a simple issue field to a given value. |
| Add | Cancel | |

5. Select a connection

| Add requir | ed parameters to the | Function. | |
|------------|----------------------|-----------------------|--|
| | Connection name: | Select a connection ᅌ | |
| | | | |

6. Ensure that the Exalate Now post function is in the correct order

Note: You need to make sure that the post function is executed once the issue has been updated otherwise, the issue is transferred to the wrong status.
