

Jira on-premise - Version 5.17.2

Last Modified on 10/09/2024 7:15 am EDT

Released for Jira on-Premise on October 9th, 2024

Overview

We are happy to announce that Exalate is now fully **compatible with Jira 10**, specifically supporting Java 17. This release ensures seamless synchronisation between Jira instances running on the latest Jira version, leveraging the enhanced performance and security features of Java 17.

 **Please note that Java 17 is the only supported version for this compatibility update.**
