

Can I change my plan later?

Last Modified on 02/17/2026 6:41 am EST

Yes, you can upgrade your Exalate plan at any point to a higher tier based on your current needs. Downgrading to a lower tier takes effect at the end of your current billing period, provided your integration usage is within the limits of the lower plan.

Choosing the Right Plan

Exalate offers four subscription tiers—Starter, Scale, Pro, and Enterprise —each based on the number of active items in sync and required features. As your integration needs grow, you can move between tiers to match your actual usage without overpaying for capacity you don't need.

Scaling Up as Your Needs Grow

Organizations experiencing growth can upgrade from Starter to Scale or Pro as their active items increase. The Pro plan offers custom active item limits for requirements that fall between standard tiers. For larger organizations, Enterprise provides unlimited capacity along with tailored payment terms and billing flexibility to accommodate specific financial and budgeting requirements.

Downgrading Your Plan

Downgrading to a lower tier takes effect at the end of your current billing period. The downgrade will only apply if your integration usage falls within the limits of the plan you're moving to. This ensures there's no dis
